Deschutes Consultation Meeting Agenda draft\_04112016.pdf

Good Morning Erica,

I do hope this note finds you doing well. We were pleased to learn that our meeting is scheduled for June 30<sup>th</sup> ☺. We are looking forward to it!

I left you a windy voicemail this morning inquiring about a handful of meeting logistics. For your convenience, I have listed my questions below.

- 1) Meeting agenda – I have attached the last version we talked about. Do the agenda items still capture the issues you would like to discuss? Please feel free to propose any modifications you would like to see.
- 2) Location – I understand we will be meeting in Lacey. Would you and your colleagues prefer to host our meeting or does it make more sense to meet at Ecology HQ?
- 3) Water Resources Program attendance – In reviewing the list of comments you and your colleagues shared with Ecology during public notice, it occurred to me that it might be valuable to have a representative from Ecology's Water Resources Program participate in our discussion to address minimum instream flow matters. If you would like to see the WR program attend, please let me know and I will coordinate with Ecology accordingly.

Thanks again and please feel free to call me at (206) 553-1353 anytime.

Best,

Chris

**Subject:** Draft Agenda for Government to Government Consultation: Deschutes TMDL

Good Morning Erica,

I enjoyed our chat last week! Thank you for your patience in engaging an unscheduled call.

If not too much trouble, might it be possible for you and your colleagues to review the draft meeting agenda (attached)?

Please feel free to request any modifications and provide feedback as your schedule allows. We would appreciate hearing from you by April 22<sup>nd</sup>.

Have a great week,

Chris
